To the Senate Finance Committee,

I fully support raising the BSA at least \$1,000 per pupil. An increase is long overdue. Our public schools need financial support. Seems to me public education and the support of public education is part of our constitution.

I'd also support a smaller dividend and/or a reinstatement of a school tax to assist with education funding!

Our children and their education is our State's future.

Sincerely,

Bev Lewanski  
Eagle River, Alaska
