Chair: Senator Bjorkman and Members of the Senate Labor & Commerce Committee

I am a life long resident of Fairbanks, and I am writing to voice my support for Senate Bill 89, the e-cigarette tax bill that raises the age of tobacco purchase from 19 to 21, which will conform with Federal Law.

I am deeply grateful to the supporters of this bill and especially grateful to Senator Stevens for his continued diligence on this issue.

Every "brick in the wall" brings us closer to a healthy community.

For several years I have contacted legislators regarding the massive health issues that our families have encountered due to tobacco use.

I do this in honor of my brother, who passed away much too young from throat cancer.

Thank you for your service to Alaska and our people. .

Sincerely,  
June Rogers

P.S. My brother once lived in Nikiski
