Arctic Deep Draft Port Project in Nome Authorized by Congress

By Catherine Rubano | January 12, 2021 | 3

An aerial rendering of the Arctic Deep Draft Port project in Nome, Alaska. The image shows a large ship docked at a long pier that extends into the water. The pier is surrounded by a breakwater. In the background, there are mountains and a small town.

April 2008

CITY OF NOME STRATEGIC DEVELOPMENT PLAN
OUTER HARBOR DEVELOPMENT

AFTER YEARS OF WAITING, THE ARCTIC DEEP DRAFT PORT project in Nome was authorized by Congress on December 21st and is ready to move forward.

1. \$600M Congress appropriation for a Deep Draft Port in Nome
2. Graphite Creek – highest grade large flake graphite deposit in U.S.

US government gives high priority status to Graphite One's Alaskan project
