## FISCAL NOTE ANALYSIS

STATE OF ALASKA  
2023 LEGISLATIVE SESSION

BILL NO. CSHB50 (RES)

### Analysis

The Division of Air Quality supports the efforts described in this bill to reduce carbon emissions into the atmosphere.

The Division of Air Quality's mission is to control and mitigate air pollution and to conserve the clean air. This bill allows companies to inject the CO<sub>2</sub> stream into underground geologic formations in order to permanently sequester the carbon rather than emit it into the atmosphere.

There is no fiscal impact to the Department of Environmental Conservation as a result of this legislation.
