

The Executive Budget Act

Strategic planning, budgeting, execution, and reporting to help Alaska's government address longstanding performance issues

Key Structure

- The Governor sets 3-6 broad Statewide priorities
- Agencies produce 4-year Strategic Plans updated every 2 years
- Annual agency Performance Plans link program execution with strategy
- Annual agency Financial Plans link strategy, execution, and budgets
- All plans and performance reports are easily accessible to the public
- Plan and Budget info becomes useful in managing the organization
