EXPLANATION OF CHANGES

(Version S to U - Updated 2.15.22)

HJR 05: ALASKA FISHERIES; TROLL FISHERIES

“Urging the United States Secretary of Commerce, the National Marine Fisheries Service, the Alaska Department of Fish and Game, and other federal and state agencies to defend the state’s fisheries, including the Southeast Alaska troll fishery.”

The House Fisheries Committee amended HJR 5, ALASKA FISHERIES; TROLL FISHERIES by inserting “lower” on page 2, line 16, following “and.” This change was made to ensure the whereas clause accurately describes the Chinook stocks that are important to southern resident killer whales.
