

CITY AND BOROUGH OF  
YAKUTAT

# Ports & Harbors

PRESENTATION TO SENATE  
TRANSPORTATION COMMITTEE  
APRIL 2023

# Port Facilities in Yakutat

## THREE MAIN FACILITIES

---

- Small Boat Harbor
  - Built in 1960
- Multi Purpose Dock
  - Built in 2015
- Ocean Cape Dock

## SMALL BOAT HARBOR

---

Accommodates small fishing vessels and boats.

## MULTI PURPOSE DOCK

---

Used for receiving fuel barges, freight barges, and overnight transient for larger commercial fishing and other vessels that utilize the small float and walkway.

## OCEAN CAPE DOCK

---

Primarily for seafood processing and shipping, but must also accommodate large ocean vessels because the Multi Purpose Dock is not long enough to dock the largest of ferries, barges, and cruise ships

# Ports Handle Passengers & Cargo

VEHICLES  
FOOD  
SUPPLIES  
SEAFOOD  
HEATING OIL  
TIMBER  
SUPPORTS THE MINING  
INDUSTRY

# Port Challenges

## ECONOMIC GROWTH STALLED

Multi Purpose Dock expansion needed to handle larger ships such as cruise ships. State has offered to fund.

## FUNDING LIMITED

State awarded \$3.6 M grant for Small Boat Harbor, but must be used by June 30, 2023 or it will be lost

## SAFETY CONCERNS

Small Boat Harbor has deteriorated to the point it is unsafe to use

# Port Planned Projects

## MULTI PURPOSE DOCK

---

The State of Alaska has offered to fund the extension of the Multi Purpose Dock, which is expected to cost \$17M

## SMALL BOAT HARBOR

---

State provided \$3.6M to replace the Small Boat Harbor. Yakutat applied for the DOT RAISE and PIDP grants for the additional funding needed to complete this project, which is \$8.9M. The total project cost is \$12,630,824.
