**House Bill No. 111
Summary of Changes
Version A to Version S**

"An Act relating to public school students who are deaf or have a hearing impairment."

Section 1 was not in version A

This section allows parents to determine the child's chosen method of communication, requires school district to provide information regarding the tools and resources available to the child, inform the parents of their rights and the school districts duties and provide services for their chosen method of communication. It also includes key term definition.

Section 1 of version A is now Section 2 of version S:

This section will codify the existence of a centralized school of the deaf, moving it from Admin Code to Statue.

Section 2 of version A has now been deleted.
