FISCAL NOTE ANALYSIS

STATE OF ALASKA
2023 LEGISLATIVE SESSION

BILL NO. HB 165

Analysis

This bill amends AS 14.17.430 *State funding for correspondence study* by increasing the multiplier from 90 percent to 150 percent. Additionally, it multiplies that amount by a factor of 11 for each correspondence intensive student in a correspondence program.

The projected cost is \$72,737.5. The FY2024 projection submitted by school districts only provides total intensive student counts and does not breakout correspondence intensive students separately. In order to calculate correspondence intensive students, the actual FY2023 intensive counts for correspondence programs were used as a projection for FY2024.

The effective date for this legislation is July 1, 2023 (FY2024).

The funding mechanism is a general fund transfer to the Public Education Fund (PEF). The fiscal note effect for FY2024 through FY2029 is reported in the fiscal note for the PEF, as the funding is deposited to the PEF, not into the Foundation Program funding component. The above analysis is presented here for explanation purposes only.
