Subject: RE: SRES - SB 137 - Spanos question
Date: Monday, May 8, 2023 8:53:50 AM

Good morning Anne,

The per barrel surcharge would need to be increased by about \$0.02 - \$0.023 to generate the same additional revenue as SB 137.

Respectfully,

Aimee Bushnell

Subject: SRES - SB 137 - Spanos question

Greetings Aimee,

Today in Senate Resources during the introductory hearing of **SB 137 – REFINED FUEL SURCHARGE**, Senator Wielechowski asked a question of Brandon Spanos, Deputy Director, Tax Division and he stated he would follow up with the committee.

The question was:

4:04 PM WIELECHOWSKI – It looks like this bill generates roughly \$3.6 million. How much would you need to increase the per barrel surcharge to equate to that much?

Thank you for following up,

Anne
