Dear Senator Claman,

As a fellow Alaska resident, I ask you to please support HB 61.

During recent times of uncertainty, many of our friends, family, and neighbors chose to exercise their Second Amendment rights for the first time. Unfortunately, we saw anti-gun officials in jurisdictions around the country use the state of emergency as a pretext to unilaterally suspend a constitutional right, by shutting down gun stores and ranges, and preventing fellow citizens from accessing arms, ammunition, or even proper training.

HB 61 ensures that, in Alaska, anti-gun officials cannot disarm citizens when they need this fundamental right the most.

Sincerely,
James Eymann

Dear Senator Claman,

As an Alaska resident, I ask you to please support HB 61.

During our recent times of uncertainty, we saw many of our friends, family, and neighbors chose to exercise their Second Amendment rights for the first time. Unfortunately, at the same time, we saw anti-gun officials in jurisdictions around the country use the state of emergency as a method to unilaterally suspend the constitutional rights of all United States citizens by shutting down gun stores and ranges, and preventing fellow citizens from accessing firearms, ammunition, or even firearm training.

We need to ensure that in Alaska those anti-gun officials cannot disarm citizens of this fundamental right, and HB 61 ensures that will not happen.

Thank you for your time.

As a fellow Alaska resident, I ask you to please support HB 61.

During recent times of uncertainty, many of our friends, family, and neighbors chose to exercise their Second Amendment rights for the first time. Unfortunately, we saw anti-gun officials in jurisdictions around the country use the state of emergency as a pretext to unilaterally suspend a constitutional right, by shutting down gun stores and ranges, and preventing fellow citizens from accessing arms, ammunition, or even proper training.

HB 61 ensures that, in Alaska, anti-gun officials cannot disarm citizens when they need this fundamental right the most.

Please Support HB 61

Dear Senator Matt Claman,

As a fellow Alaska resident, I ask you to please support HB 61.

During recent times of uncertainty, many of our friends, family, and neighbors chose to exercise their Second Amendment rights for the first time. Unfortunately, we saw anti-gun officials in jurisdictions around the country use the state of emergency as a pretext to unilaterally suspend a constitutional right, by shutting down gun stores and ranges, and preventing fellow citizens from accessing arms, ammunition, or even proper training.

HB 61 ensures that, in Alaska, anti-gun officials cannot disarm citizens when they need this fundamental right the most.

Sincerely,
Steve Klaich

However, I do not support the equity clause wherein the closure of all forms of commerce need to apply in order to close or restrict the operating hours of gun related enterprise. I believe that gun stores should be able to operate without government imposed restrictions as it relates to the closure or restriction of business hours.

Sincerely,

Greetings,

I recognize that you are a democrat; I am an unaffiliated Alaska voter from Anchor Point.

Please support HB61, to protect Alaskan's 2A civil rights.

Dear Senator Claman,

As a fellow Alaska resident, I ask you to please support HB 61.

During recent times of uncertainty, many of our friends, family, and neighbors chose to exercise their Second Amendment rights for the first time. Unfortunately, we saw anti-gun officials in jurisdictions around the country use the state of emergency as a pretext to unilaterally suspend a constitutional right, by shutting down gun stores and ranges, and preventing fellow citizens from accessing arms, ammunition, or even proper training.

HB 61 ensures that, in Alaska, anti-gun officials cannot disarm citizens when they need this fundamental right the most.

Sincerely,
Dan Lutke
