Subject: Please vote YES on HB 17: Birth Control

Dear Alaska House Community & Regional Affairs Committee,

I am writing to encourage you to support HB 17, the bill to improve access to birth control for all Alaskans.

All Alaskans deserve affordable and accessible birth control that works for us, regardless of our income, insurance carrier, or life circumstances. Consistent access to birth control gives people the ability to control when and if they have children, giving them more career and education opportunities, encouraging healthier pregnancies, and saving money. That's why 83% of voters in Alaska believe everyone who wants or needs birth control should have it.

Today, most birth control users are forced to refill their birth control every month, which is a burden for many people in Alaska and increases the odds of experiencing an unintended pregnancy. All people should have access to a year's supply of birth control at a time.

Please support birth control access in Alaska by voting YES on HB 17.

Sincerely,
Ms. Nicole Regan

Subject: Please vote YES on HB 17: Birth Control

Dear Alaska House Community & Regional Affairs Committee,

I am writing to encourage you to support HB 17, the bill to improve access to birth control for all Alaskans.

My name is Lizi Jones and I am a student Certified Nurse-Midwife/Womens Health Nurse Practitioner/Doctor of Nursing Practice Student at Georgetown University. I have spent the past three years training hard at one of the top schools in the country expressly to return back to Alaska to care for the reproductive and health needs for all Alaskans. I advocated with our Alaska Delegation in DC last December and they all support the work of future midwives and providers like me. Bills expanding birth control access enable providers like me to promote the health of Alaskans for generations to come by affording access to family planning and timing. This bill supports the sacred relationships of trust, care, and support medical providers hold with patients. Alaskans pride ourselves on our frontier spirit, our community strength, and on our privacy and independence. This includes elevating equality for ALL of our community members by promoting access to basic medical care for all Alaskans.

All Alaskans deserve affordable and accessible birth control that works for us, regardless of our income, insurance carrier, or life circumstances. Consistent access to birth control gives people the ability to control when and if they have children, giving them more career and education opportunities, encouraging healthier pregnancies, and saving money. That's why 83% of voters in Alaska believe everyone who wants or needs birth control should have it.

Today, most birth control users are forced to refill their birth control every month, which is a burden for many people in Alaska and increases the odds of experiencing an unintended pregnancy. All people should have access to a year's supply of birth control at a time.

Please support birth control access in Alaska by voting YES on HB 17.

In gratitude,
Lizi Jones

Sincerely,
Ms Lizi Jones

Subject: Please vote YES on HB 17: Birth Control

Dear Alaska House Community & Regional Affairs Committee,

I am writing to encourage you to support HB 17, the bill to improve access to birth control for all Alaskans.

All Alaskans deserve affordable and accessible birth control that works for us, regardless of our income, insurance carrier, or life circumstances. Consistent access to birth control gives people the ability to control when and if they have children, giving them more career and education opportunities, encouraging healthier pregnancies, and saving money. That's why 83% of voters in Alaska believe everyone who wants or needs birth control should have it.

Today, most birth control users are forced to refill their birth control every month, which is a burden for many people in Alaska and increases the odds of experiencing an unintended pregnancy. All people should have access to a year's supply of birth control at a time.

Please support birth control access in Alaska by voting YES on HB 17.

Sincerely,
Mrs. Heather Corcoran

Dear Alaska House Community & Regional Affairs Committee,

I am writing to encourage you to support HB 17, the bill to improve access to birth control for all Alaskans.

All Alaskans deserve affordable and accessible birth control that works for us, regardless of our income, insurance carrier, or life circumstances. Consistent access to birth control gives people the ability to control when and if they have children, giving them more career and education opportunities, encouraging healthier pregnancies, and saving money. That's why 83% of voters in Alaska believe everyone who wants or needs birth control should have it.

Today, most birth control users are forced to refill their birth control every month, which is a burden for many people in Alaska and increases the odds of experiencing an unintended pregnancy. All people should have access to a year's supply of birth control at a time. No matter your situation having to make monthly trips to the pharmacy is inconvenient and burdensome. Let alone if you work in remote areas, live in rural Alaska, have transportation challenges, have a potentially unsafe home life or experience intimate partner violence, or any other factors that increase barriers to care. Prescriptions for birth control cover a year, being able to pick up a year at a time only better allows people to access this health care they already have and need and depend on every day.

Please support birth control access in Alaska by voting YES on HB 17. Your constituents are and remember how you vote and lead on these issues!

Sincerely,
Ms Ginny Lindberg
