## FISCAL NOTE ANALYSIS

STATE OF ALASKA  
2024 LEGISLATIVE SESSION

BILL NO. SB 132

### Analysis

This legislation imposes an Educational Tax on the wages and self-employment net earnings of every resident, non-resident, and part-year resident with income from a source in the state at a flat rate of \$30.00, and may require the Department of Labor & Workforce Development (DOLWD) to collect taxes paid by self-employed Alaskans, who are not currently taxed under the Unemployment Insurance (UI) program.

This zero fiscal note assumes that the Department of Revenue (DOR) will collect all the taxes related to this legislation.

Provided below for reference are cost details for the scenario where DOLWD would collect the taxes. The costs outlined below would be in addition to DOR costs incurred for activities beyond the collection of the tax. Having DOLWD collect the taxes would not result in a cost savings to the state. Regulation changes would also be required, in coordination with DOR, to address methods of accounting, collection, overpayment refunds, and assessed penalties for employers and self-employed individuals.

The UI Administrative Grant from the U.S. Department of Labor may only be used for the administration of the UI program. Therefore, any costs associated with this tax must be covered by the state. An explanation of the additional costs is included below.

#### Operating Costs (in thousands):

- **Personal services:** \$443.0 annually
- Three full-time range 14 Accounting Technician 2 positions in Juneau for general collection. This is comparable to existing staff levels used to receipt other revenue sources collected by the Unemployment Insurance component.
- Two full-time range 14 Accounting Technician 2 positions in Juneau for self-employment collection. This is comparable to existing staff levels used to receipt other revenue sources collected by the Unemployment Insurance component.
- **Services:** \$1,209.0 in FY2025; \$291.4 in FY2026 and future years.
- \$390.0 in FY2025 for one-time costs associated with modifying existing information technology systems.
  - Planning/Requirements Gathering/Design: estimated 400 hours, total cost of \$50.0;
  - Developer Costs estimated to require just under 1,500 hours, total cost of \$200.0; and
  - Testing/Remediation/Production Implementation: estimated 1,100 hours, total cost of \$140.0.
- \$624.0 in FY2025 for one-time costs associated with adjusting existing information technology systems to track self-employed Alaskans.
  - Planning/Requirements Gathering/Design: estimated 640 hours, total cost of \$80.0;
  - Developer Costs: estimated 2,400 hours, total cost of \$320.0; and
  - Testing/Remediation/Production Implementation: estimated 1,760 hours, total cost of \$224.0.
- \$5.0 in FY2025 for one-time costs associated with regulations adoption, including legal review, printing and postage.
- \$101.4 beginning in FY2026 for on-going information technology maintenance costs.
- \$190.0 in all fiscal years for DOLWD indirect costs and statewide core services.
- **Commodities:** \$8.2 in FY2025 and FY2028; \$1.2 in all other fiscal years.
- \$1.2 in supply and equipment needs for the new positions annually.
- \$7.0 in FY2025 and FY2028 to purchase and replace computers.
