Senator Jesse Bjorkman, Chair
Senate Labor and Commerce Committee

Re: Senate Bill 85, Perm Fund; Employment; Eligibility

Dear Chair Bjorkman, and members of the Senate Labor and Commerce Committee,

The Alaska Chamber (the Chamber) writes in support of Senate Bill 85, an Act relating to record checks for certain employees of the Department of Revenue; relating to permanent fund dividends; and providing for an effective date.

The Alaska Chamber was founded in 1953 and is Alaska's largest statewide business advocacy organization. Our mission is to promote a healthy business environment in Alaska. The Chamber has more than 700 members and represents businesses of all sizes and industries from across the state, representing 58,000 Alaskan workers and \$4.6 billion in wages.

The Chamber has a formal policy position to support clarifying vocational training absences for purposes of receiving PFD benefits. We support the enactment of clarifying changes to the PFD statute in order to assure Alaskans who are members of the uniformed services or those attending merchant marine training programs remain eligible to obtain their PFD, provided they have met all other eligibility criteria.

Since 1997, over 700 Alaskans have been recruited, trained, and placed in deep-sea maritime employment by attending the Paul Hall Center for Maritime Training and Education. Many of these candidates were youth, Alaskan Natives, displaced workers, and veterans who attended an apprentice program paid for through a labor-management training trust fund. In so doing, management can be assured the individuals they hire to crew their vessels are thoroughly trained to USCG standards and uniformly meet their security, safety, and competency standards. Furthermore, by recruiting Alaskans for this apprenticeship opportunity companies in the Alaska maritime trade, like Alaska Tanker Company, Crowley Maritime, Matson Navigation, and TOTE Maritime Alaska, continue to meet their commitment to hire local. Denying PFD benefits to Alaskans, particularly younger Alaskans, while engaged in this required training, discourages them from considering this pathway as a career opportunity. The purpose for the local hire effort is for these individuals to be trained outside and to return to Alaska to spend their earned wages and enjoy their benefits on their time off.

In closing, the Chamber supports SB85 and encourages swift passage of this straightforward and good for business bill. Thank you for considering the Alaska Chamber's comments.

Sincerely,

A handwritten signature in black ink that reads 'Kati Capozzi'.

RE: SB85 – PERM FUND; EMPLOYMENT; ELIGIBILITY

Dear Chair Bjorkman and committee members,

Matson is in support of SB85, which would resolve the issue concerning the loss of the permanent fund dividend for Alaskans seeking training outside of the state to pursue a maritime career.

SB85 helps promote local hire of Alaskans in an industry where family wages are the norm. Historically, Alaskans are among the best candidates we have found for these career ladder positions as demonstrated by the maritime industry's 25-year initiative to work with the State of Alaska to recruit, train (at no cost to the individual or state), and guarantee employment for all graduates.

Matson joins a large coalition of maritime companies who are all addressing the shortage of commercial mariners across the United States and appreciates your support of SB85.

Respectfully,

A handwritten signature in black ink, appearing to read "Vic Angoco", is written over a large, stylized circular flourish.

Vic Angoco
Senior Vice President, Alaska
