Approved By:	Hannah Lager, Administrative Services Director	Date:	02/23/24
Agency:	Commerce, Community, and Economic Development		

FISCAL NOTE ANALYSIS

STATE OF ALASKA
2024 LEGISLATIVE SESSION

BILL NO. SB228

Analysis

SB228 extends statutory authorization for the existing Board of Massage Therapists to June 30, 2030. Adoption of the bill will continue existing activities by the board and administration by the division. Failure to adopt the bill will result in a one-year wind down of the board in FY2025, and the division will assume all licensing responsibility in FY2026.

If the bill passes, the following expenses will be incurred:

- Travel: \$20.3 Five board members and one staff member, to attend up to four board meetings per year

- Services: \$0.4 Advertising of public notice of board meetings
- \$1.0 Training and conference fees
- \$0.1 Stipends for board members attending board meeting in community of residence

Regardless of whether this bill passes, activities and costs of the licensing program will continue. Annual expenditures are estimated to be approximately \$318.3, with revenue from license fees covering those expenses. Current schedules of revenues and expenditures for licensing programs are located online at <https://www.commerce.alaska.gov/web/cbpl/DivisionReports.aspx>.

If this legislation is not passed and the board sunsets, the department would continue to require access to expertise in the profession. Replacing the expertise currently provided by volunteer board members with professional service contracts may increase the annual costs of this program, resulting in increased license fees. No professional licensing board has sunset in recent years, so reasonable estimates of this cost are unknown.

Professional licensing programs within the Division of Corporations, Business and Professional Licensing are primarily funded by Receipt Supported Services, fund source 1156 Rcpt Svcs (DGF). Licensing fees for each occupation are set per AS 08.01.065 so the total amount of revenue collected approximately equals the occupation's actual regulatory costs.
