FISCAL NOTE ANALYSIS

STATE OF ALASKA
2024 LEGISLATIVE SESSION

BILL NO. SB102

Analysis

Senate Bill 102 adds language mandating that the Regulatory Commission of Alaska (RCA) adopt regulations implementing a simplified rate filing (SRF) process for refuse utilities for electric cooperatives and local telephone utilities; and ensuring sufficient public notice and time for ratepayers to meaningfully comment on such simplified rate filings.

RCA regulations currently specify SRF processes for electric cooperatives and local telephone utilities. This bill would require the RCA to adopt similar regulations implementing an SRF process for refuse utilities. This bill proposes an immediate effective date and thus RCA regulations would need to be completed within two years of the issuance of an order commencing the regulations docket. The RCA is required to complete rulemaking proceedings within 730 days from the initiating order.

The RCA expects to implement the provisions of this legislation with existing resources and does not anticipate a fiscal impact.
