

Subject: Support for HB327

Please consider supporting the Board of Massage and moving this bill out of committee. I support my Massage Therapist and her good work. Should the Board's Sunset not be extended support for licensure will lack advocacy and oversight by peers and legislators.

Subject: Support for HB327

Representative Hannan,

I strongly support and would like you to please consider supporting the Board of Massage and moving this bill out of committee. I support my Massage Therapist, Traci Gilmour, and her excellent work. Should the Board's Sunset not be extended, support for licensure will lack advocacy and oversight by peers and legislators. Thank you for your consideration.
