Approved By:	Sabrina Javier, Administrative Services Director	Date:	01/20/23
Agency:	Department of Education and Early Development		

FISCAL NOTE ANALYSIS

STATE OF ALASKA
2023 LEGISLATIVE SESSION**Analysis**

This bill amends existing health education law, AS 14.30.360, health education curriculum; physical activity guidelines, by specifically adding mental health education to the statute. This bill allows for students to receive on-going education on mental health by 1) explicitly adding mental health and physical health to the list of health topics, and school districts are encouraged to include in their kindergarten through 12th grade health education programs, and 2) requiring the State Board of Education and Early Development to provide school districts with health education guidelines for instruction in mental health that are developed in consultation with the Department of Health, the Department of Family and Community Services, and representatives of national and state health organizations. The mental health guidelines are to be developed within two years of the effective date.

This bill also instructs the department's report to the legislature to include a copy of the developed guidelines and the process used to develop them.

The fiscal note includes the following one-time expenses: 1) \$120.0 for 30 committee members to travel twice a year for in-person convenings (\$2.0 per participant); 2) \$36.0 for services including \$30.0 to hire a facilitator to oversee implementation and professional development for educators and \$6.0 for legal fees to implement the necessary regulation changes; and, 3) \$60.0 for committee member stipends (\$2.0 per participant).
