---

Representative Julie Coulombe,

Wow. Thank you for HB 116. I've been making inquiries about establishing a virtual support group for women in business who are survivors of violent crime—but I haven't gained any traction. I'll include excerpts from more recent communications I've sent over the last few months (I started writing to ppl in November 2023). My emails have gone to non-profits, organizations at UA's Business Enterprise Institute, journalists, and the Department of Public Safety. This is the first time I've contacted legislators. I'm not at a place where I feel comfortable going public with my experience but please let me know if you have ideas that might yield results.
