## **House Bill 387** ***Cook Inlet Jack-Up Rig Credit***

### **Sectional Analysis for Version U**

**“An Act relating to a tax credit for certain oil and gas equipment in the Cook Inlet sedimentary basin; and providing for an effective date.”**

- Sec. 1 Amends AS 43.98 by adding a new section which introduces a tax credit for persons installing a jack-up rig in the Cook Inlet sedimentary basin. The tax credit equals the total cost of purchasing and transporting the rig to Cook Inlet, capped at \$75,000,000.00, usable against taxes imposed under this title with provisions for carryforward of unused portions. Requires that for a jack-up rig to qualify for the credit, it must be used or contracted to be used in Cook Inlet for a minimum of three years. Provides for definition of a “jack-up rig”.
- Sec. 2 Repeals jack-up rig drilling credits under AS 43.55.025(a)(5) and 43.55.025(l).
- Sec. 3 Specifies an immediate effective date.

*Tom W. McKay*
