12 point of sale based on a price that is reduced by an amount equal to at least 85 percent
13 of all rebates received, or that will be received, in connection with the dispensing or
14 administration of the prescription drug. The pharmacy benefits manager or the agent

27 amount greater than the amount calculated under (a) of this section.

28 (d) A pharmacy benefits manager may not be required to disclose the amount
29 of rebates a health care insurer or pharmacy benefits manager receives on a product-
30 specific, manufacturer-specific, or pharmacy-specific basis, except as required to
31 comply with this section. Information and records relating to the amount of rebates a

1 health insurer or pharmacy benefits manager receives on a product-specific,
2 manufacturer-specific, or pharmacy-specific basis are confidential for the purposes of
3 AS 21.06.060.

4 (e) If a provision in this section conflicts with federal law, the provision does

26 **Sec. 21.42.435. Defined cost sharing and prescription drugs.** (a) A health
27 care insurer and agents of a health care insurer shall ensure that a covered person's
28 defined cost sharing for a prescription drug is calculated at the point of sale based on a
29 price that is reduced by an amount equal to at least 85 percent of all rebates received,
30 or that will be received, in connection with the dispensing or administration of the
31 prescription drug. The health care insurer or the agent of the health care insurer shall

3 point of sale.

4 (b) The director or a health care insurer may not impose liability, a penalty, or
5 disciplinary action on a pharmacy or pharmacist for the pharmacy's or pharmacist's
6 failure to reduce a covered person's defined cost sharing under (a) of this section if the
7 covered person's health care insurer fails to provide the pharmacy or pharmacist with

17 basis, except as required to comply with this section. Information and records relating
18 to the amount of rebates a health insurer or pharmacy benefits manager receives on a
19 product-specific, manufacturer-specific, or pharmacy-specific basis are confidential
20 for the purposes of AS 21.06.060.

16 a prescription drug; or
