Representative Maxine Dibert
State Capitol, Room 424
Juneau, AK
99801

Representative Dibert,

As the President of the Native Village of Dot Lake, AK. I offer you this letter of support for House Bill 366. This bill will go a long way in protecting our children in the state of Alaska.

As a tribal leader, it is my duty to serve my tribal members who have duly elected me, you as an elected leader are doing the same thing to protect our youth.

You have my full support on this bill to introduce reforms in the care of our children who need behavioral health treatment.

Thank you for your efforts to protect all children in Alaska and help protect them from harm.

Please continue your efforts to provide better behavioral health treatment to our children.

Sincerely,

Tracy Charles-Smith
President
Dot Lake Village
