## Highlights

I have 35+ years experience in the Alaska Charitable gaming industry. I have pretty much done every job there is in this industry or had dealings at every level of Gaming in Alaska.

## **EXPERIENCE/CONSULTING**

I have been a pulltab dealer, a bingo caller, and a bartender selling tabs.

I have overseen the largest, most profitable gaming operation in Alaska. 100% Charitable with over 40 million in profits during my tenure.

I helped create and currently oversee the largest charitable gaming distributor in Alaska.

I have been and continue to act as an officer, director, or trustee for several Non-Profits that hold gaming permits.

I have consulted with and trained 100's of non-profits and qualified organizations. Permittees, operators, vendors on every aspect of gaming from statutes and regulations, to accounting and oversight.

I have taught countless classes as an invited guest/industry expert.

**LEGISLATIVE:**

I have been on multiple legislative committees and task forces.

I have appeared before several senate and house committees as both an invited expert and to testify on behalf of charitable gaming, for, or against, legislation for over 30 years.

I have met directly with 5 of the last 7 Alaska Governors on issues related to Charitable Gaming

I have had a direct or indirect hand in rewriting nearly half of the gaming statutes and regulations over the years.

**OUTSIDE**

I have traveled extensively throughout North America (US, Canada, Mexico) touring manufacturing facilities, charitable gaming operations, distributors, Native American Casinos, and commercial gambling operations.

I have attended, almost yearly, numerous conventions and trade Shows, GLOBAL GAMING EXPOS, BINGO WORLD Conference and EXPOS, NAGRA, BIA, Allied Charities of Minnesota, National Veterans Conventions (AMVETS, American Legions, VFW's) other Fraternal and State gaming conventions, etc:
