### Senate Bill 231 Summary of Changes

#### **Senate Health & Social Services: Version B to Version S**

Version S of SB 231 removes the reference to AS 47.30.915 in defining “treatment facilities.” Version S contains a new definition for treatment facility: a hospital, clinic, institution, center, or other health care facility licensed to provide in-patient mental health evaluation or treatment to minors.

Version S of SB 231 modifies section four so that the requirement for unannounced inspections at least twice each year only applies to treatment facilities in which a minor has spent more than three nights in the preceding year.
