House Bill 251 – EXEMPTIONS FOR HOMEMADE FOODS

Sectional Analysis

Section 1 amends AS 17.20 to create a new article titled “Homemade Food; Animal Shares” consisting of four new sections:

AS 17.20.332 (exemption statute): This section creates an exemption for the purchase and sale of homemade food products for home consumption and provides applicable restrictions or limitations on transaction requirements, food ingredients, and labeling or signage requirements. New subsection (h) allows for the preparation and sale of meat, meat products, or homemade food containing meat if it meets the requirements of federal law

AS 17.20.334 (animal shares): This section establishes conditions and requirements of animal share operations in statute, which would allow the sharing of meat and meat products by individuals participating in a herd share arrangement.

AS 17.20.336 (relationship to other laws): This section contains clarifications to the bill, including that the Department retains its investigative and regulatory powers, and the bill does not change state requirements for brand or animal health inspection, that state agencies may provide assistance, consultation or guidance at the request of the producer, that the bill shall not be construed as more restrictive than applicable federal requirements, and the bill does not affect any federal or local laws.

AS 17.20.338 (definitions): This section contains definitions applicable to 17.20.332-17.20.338.
