Yeah, this is an email to support the SB 170 with House finance committee for the senior benefits program. I worked with Assisted Living clients and my mother also lives in an assisted living facility and I feel like the Alaska legislatures and Alaska need to support our elders because they held up the Way we live for their lifetime and now it's time for us to hold up them. Thank you.

To:House Finance <House.Finance@akleg.gov>

The cash assistance to low income 65+ Alaskans who are not in Pioneer Homes or other institutional care is critical especially in today's budget stretching times. It is particularly important to rural Alaskans.

Please extend this program.

Thank you,

Randi Sweet
