FISCAL NOTE ANALYSIS

STATE OF ALASKA
2024 LEGISLATIVE SESSION

Analysis

This proposed legislation amends AS 33.30.028 by adding a new subsection that limits the prisoner medical reimbursement rate a provider may charge to not exceed the Medicaid reimbursement rate established under the Title XIX, Social Security Act. This legislation also allows the Commissioner of the Department of Corrections (DOC) to enter into a contract for a higher rate of reimbursement.

Based on FY2023 expenditures, this legislation could result in a cost avoidance between approximately \$3.5M - \$4.0M in the next fiscal year. However, DOC has been experiencing increases to the fees for inmate medical services and the actual overall impact each year is dependent upon the number of individuals who would need outside services and the type of services provided. This legislation would also allow the Commissioner to approve rates higher than the Medicaid reimbursement rate. Due to this, DOC is unable to specify the amount of the fiscal impact and is, therefore, submitting an indeterminate fiscal note.
