Members of the Senate State Affairs Committee,

I oppose Senate Bill 229. This proposed "Red Flag Law" blatantly violates my Second Amendment, Fourth Amendment, and due process rights.

With little or no evidence, an ex-partner, disgruntled co-worker or neighbor can file for an "Extreme Risk Protection Order" (ERPO) against me, a law-abiding gun owner.

If a Red Flag order is issued, law enforcement can seize my perfectly legal firearms.

Worse yet, if I want to get my rights (and guns) back, it will likely take significant time (years) and money to prove my innocence in civil court.

This is a complete reversal of the standard of "innocent until proven guilty."

In every other state where such "laws" exist, they are abused to fulfill a political disarmament agenda, and cause more victimization.

As this proposed legislation violates the Second Amendment, Fourth Amendment, and many other constitutionally guarded rights; I urge you to immediately kill this legislation.
