**Subject:** Thank you for supporting the REF!

Dear Senator Kaufman,

Greetings from Southeast Alaska. Thank you very much for sponsoring SB 33 – extending Alaska's Renewable Energy Fund another 10 years. I believe the gifts of renewable energy are crucial for our state's future. And with a big influx of federal funding for clean energy on the way, it's both practical and wise for Alaska's legislature to renew the REF.

I hope SB 33 will advance into law!  
Best wishes,  
Zach Brown, PhD
