**Subject:** HB 43, An Act Relating to Elections

Representatives,

I particularly support these items of HB 43:

- The ability to register to vote and vote 30 days prior to and on election day via Question/Absentee/Special Needs ballot and not have the ballot rejected.
- For absentee ballots to include postage-paid envelopes.
- To remove witness signature on absentee ballots envelope and not require voter to indicate party affiliation on the envelope.
- To provide ballot curing!!

House State Affairs committee members - I urge you to pass this bill forward.

Therese Lewandowski
