\* Section 1. AS 16.43.250 is amended by adding new subsections to read:

(e) In (d) of this section, "fishery" includes all salmon fisheries of the state for which a maximum number of entry permits has been established by the commission under AS 16.43.240(b).

(f) If the cumulative qualifications of an individual under (d) of this section include points granted by the commission under (a) of this section for more than one fishery and the number of points required to place an applicant in the priority classification under (b) of this section is not the same for each of the fisheries, the commission shall obtain a quotient for the individual by dividing the number of points he has been granted for each fishery by the number of points needed to place an applicant in a priority classification under (b) of this section for that fishery. If the sum of the quotients obtained under this subsection equals or exceeds 1.00, the individual is entitled to a permit under (d) of this section.
