Resolve No.

SCSHCR 27 (Res)

27

Requesting the state to collect and use information on trapping for land use planning and land disposal.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF ALASKA:

WHEREAS a major source of income for a significant number of Alaskans has historically and traditionally been trapping fur animals; and

WHEREAS trapping is an important land use consideration; and

WHEREAS the land use planning and land disposal policies of the state often do not adequately take trapping into consideration; and

WHEREAS the Alaska Trappers Association, Tanana Chiefs Conference, and other organizations have considerable information on trapping areas and animals within the state;

BE IT RESOLVED by the Alaska State Legislature that the Department of Natural Resources, Department of Fish and Game and other state agencies that are involved in land use planning and land disposal are encouraged and requested to consult with and collect trapping data from the Alaska Trappers Association, Tanana Chiefs Conference, and other organizations or individuals that may have information; and be it

FURTHER RESOLVED that the state consider the trapping of fur animals as an important beneficial use of the land in land use planning and land disposal activities.
