7 ing services and recommend to the governor approval, modification, or
8 disapproval;

9 (4) recommend implementation priorities of requested data
10 processing systems;

11 (5) determine and satisfy the data processing equipment and
12 supply requirements of the [ALL] branches, departments and agencies of
13 state government;

14 (6) provide all facilities, equipment and staff required to
15 convert data to a form suitable for processing on automatic data pro-
16 cessing equipment;

17 (7) develop and publish systems analysis, computer program-
18 ming and computer operations standards;

19 (8) review [ALL] state automatic data processing systems to
20 encourage effectiveness, measure performance, and assure adherence to
21 the standards developed under AS 44.21.150 - 44.21.170;

22 (9) develop and conduct an automatic data processing train-
23 ing program designed to serve the technical and managerial needs of
24 state government;

25 (10) require each state agency to procure its automatic data
26 processing services from the department;

27 (11) charge a state agency or other governmental agency for
28 the cost of the automatic data processing services provided or pro-
29 vided by the department for the agency.

1 * Sec. 4. AS 44.21.160 is amended by adding a new subsection to read:

2 (g) The department shall provide or procure automatic data
3 processing services under AS 44.21.150 - 44.21.170 for the judicial
4 branch to the extent requested by that branch, and may charge the
5 branch for the services.

6 * Sec. 5. This Act takes effect July 1, 1986.
