## ALASKA STATE LEGISLATURE

FOURTEENTH LEGISLATURE - SECOND SESSION

JUNEAU, ALASKA

MONDAY

February 10, 1986

Twenty-ninth Day

Pursuant to adjournment, the Senate was called to order by President Bennett at 11:08 a.m.

The roll showed nineteen members present. Senator Sackett was absent.

The prayer was offered by the Chaplain, Reverend Art Knight of the United Methodist Church of Douglas. Senator Halford moved and asked unanimous consent that the prayer be spread in the journal. Without objection, it was so ordered.

"Almighty God, at the beginning of another week of work for the Senate of the State of Alaska, we pause for a moment of reflection, perhaps mentally to draw a deep breath of preparation for what lies ahead. And at this moment, we think once more of voices.

There are the voices of the people, those who elected these Senators, most of whom simply want to be served well. There are the voices, some of them rather strident at times, of those who come before this body pressing very specific issues and desires. There are the voices of staff people, and of the experts who come to provide knowledge and advice. But most of all, there is the inner voice.

When all others have been heard, each Senator must heed that voice deep within which speaks of possible and impossible, of right and wrong; for these twenty are the ones chosen to decide. As they approach this fundamental duty, we ask Your aid in their efforts to gain knowledge. We pray that You will help them to be wise and courageous, and that You will bless them as human beings.

In Your holy name, we pray.

Amen."

The Pledge of Allegiance was recited.

Senator Sackett's presence was noted.

Senator Halford moved and asked unanimous consent that the journals for the twenty-sixth, twenty-seventh and twenty-eighth legislative days and Senate Supplement No. 49 be approved as certified by the Secretary. Without objection, it was so ordered.

## INTRODUCTION AND REFERENCE OF SENATE BILLS

SB 392

SENATE BILL NO. 392 by Senator Josephson, entitled:

"An Act relating to periodic payments for future damages in certain civil actions; amending Alaska Rules of Civil Procedure 49 and 58; and providing for an effective date."

was read the first time and referred to the Labor and Commerce Committee, the Judiciary Committee and the Finance Committee.

SB 393

SENATE BILL NO. 393 by the Rules Committee by request of the Governor, entitled:

"An Act approving the sale of Kuparuk River Unit royalty oil by the State of Alaska to Petro Star, Inc. and Chevron U.S.A., Inc.; and providing for an effective date."

was read the first time and referred to the Resources Committee and the Finance Committee.

Two zero fiscal notes. Analysis from Department of Natural Resources follows: "The contract will result in routine billing and accounting functions which can be absorbed in the existing operation."

Governor's transmittal letter dated February 4:

Dear Senator Bennett:

Under the authority of art. III, sec. 18, of the Alaska Constitution, I am transmitting a bill that provides for legislative approval of a royalty oil contract between the state, Petro Star, Inc. and Chevron U.S.A., Inc. for the sale of Kuparuk River royalty oil. Also transmitted with this bill is a copy of the resolution of the Alaska Royalty Oil and Gas Development Advisory Board recommending approval

SB 393 cont'd

of that contract, along with a letter from the Department of Law forwarding the resolution to you. This resolution is being transmitted in accordance with AS 38.06.040(a)(3) and AS 38.06.070(c).

The contract is also described in the findings issued by the Department of Natural Resources on December 9, 1985. Copies of these findings have been made available to the legislature and the public for review.

A bill approving the contract is being introduced for legislative approval for two reasons. First, as a matter of comity, I respect the legislature's desire to have a direct voice in major disposals of royalty oil. Therefore, although this and the previous administration have consistently taken the position that the statutory requirement of legislative approval of royalty oil contracts (AS 38.06.055) is unconstitutional, the contract itself contains provisions requiring approval by the legislature before it takes effect.

Second, this legislation would ratify the royalty oil contract. This ratification would cure any procedural defect that may have occurred in the process of entering into this contract. Although we believe that all necessary steps have been taken, the statutes and regulations governing the disposal of royalty oil represent often-conflicting desires and goals -- both procedural and substantive. For example, the statutes provide that the legislature is to approve a royalty oil contract only by "enacting legislation" (AS 38.06.055(a)), but also refer to a Royalty Board recommendation to be submitted to the legislature at the time a "resolution approving the proposed sale ... is introduced in the legislature" (AS 38.06.070(c)). Since legislative approval by enactment of legislation is required as a matter of contract, I believe that it is prudent to present this contract for legislative approval and ratification.

Sincerely,

/s/ Bill Sheffield

SB 393 cont'd

Dear Mr. President:

In accordance with AS 38.06.040(a)(3), I am forwarding for your consideration the resolution of the Alaska Royalty Oil and Gas Development Advisory Board which recommends that the legislature approve the referenced sale of royalty oil to Petro Star and Chevron, U.S.A.

If we can be of further service, please do not hesitate to call.

The Alaska Royalty Oil and Gas Development  
Advisory Board

Resolution 85-2

On or about October 23, 1985, the director of the division of oil and gas ("director") provided the Alaska Royalty Oil and Gas Development Advisory Board with the preliminary notice of sale, preliminary findings, and proposed contract for a long-term sale of up to about 6500 barrels per day of Kuparuk River Unit royalty oil to Petrostar, Inc. and Chevron U.S.A. Inc.

This proposed sale has been discussed at several public meetings held by the board during 1985. At the February 20 meeting, Petrostar representatives testified in support of a royalty oil sale. On March 26, staff of the Alaska Department of Natural Resources (DNR) reported to the board on the status of a solicitation for purchasers of state royalty oil. At the April 12 meeting, DNR presented a status report on the solicitation, which was released April 1. On July 25, DNR presented to the board a recapitulation of the responses to the solicitation. At the meetings of the board held September 26-27 and October 7, the board received public testimony on a proposed sale of Kuparuk royalty oil to Petrostar and Chevron. On October 30, the director made a presentation to the board on the Petrostar-Chevron contract proposed in DNR's October 23 preliminary findings; the board also received public testimony on the proposed contract. The last two meetings were held by teleconference in Anchorage, Fairbanks, Valdez, and Juneau.

DNR's final finding on the proposed sale and the contract were sent to the board on December 9, 1985. On December 19, the board met to develop and vote on its recommendations to the legislature on the proposed sale.

SB 393 cont'd

Based on the board's review of the agreement for the sale and purchase of royalty oil between the State of Alaska and Petrostar and Chevron, DNR's findings and determinations regarding the proposed sale, and the testimony received at public meetings of the board, the board is of the opinion that the proposed disposition of Kuparuk River Unit royalty oil to Petrostar and Chevron meets the requirements of AS 38.06 and 3 AAC 56. The board recommends that the Second Session of the Fourteenth Alaska Legislature approve the agreement for the sale and purchase of royalty oil from the Kuparuk River Unit to Petrostar and Chevron, dated December 9, 1985.

SB 394

SENATE BILL NO. 394 by the Rules Committee by request of the Governor, entitled:

"An Act relating to tax assessment and collection procedures for the electric and telephone cooperative tax."

was read the first time and referred to the Finance Committee.

Senator Zharoff, Chairman, moved and asked unanimous consent that SENATE BILL NO. 394 have an additional referral to the Labor and Commerce Committee. Without objection, it was so ordered.

SENATE BILL NO. 394 was referred to the Labor and Commerce Committee and the Finance Committee.

Fiscal note is zero. Analysis from Department of Revenue, Audit Division: "This bill adopts the standard assessment and collection procedures for the electric and telephone cooperative tax, and will allow the Department of Revenue to include penalty and interest provisions of AS 43.05 in its administration of the tax law."

Governor's transmittal letter dated February 10:

SB 394 cont'd

Dear Senator Bennett:

Under the authority of art. III, sec. 18, of the Alaska Constitution, I am transmitting a bill relating to the electric cooperative and telephone cooperative taxes.

This bill will amend AS 10.25.540 to expressly authorize the Department of Revenue to use standard tax assessment and collection procedures in enforcing the electric cooperative and telephone cooperative taxes. At the present time, this section does not expressly provide for the levy of penalties or interest if the taxpayer fails to file a return or pay the tax on time. Without this change, there is little incentive for a taxpayer to comply with this tax statute. This bill will correct that problem, and I urge your support.

Sincerely,

/s/ Bill Sheffield

Bill Sheffield  
Governor
