MEMORANDUM

February 17, 1993

SUBJECT: 1993 Revisor's Bill (House Bill 90)

TO: Representative Carl Moses
House Rules Committee

FROM: David R. Dierdorff
Revisor of Statutes

House Bill 90 was prepared under AS 01.05.036, which provides, in part, that the revisor of statutes

* * * shall prepare for submission to the legislature legislation for the correction or removal of the deficiencies, conflicts, or obsolete provisions, or to otherwise improve the form or substance of * * * the statute law of this state.

To assist in understanding the bill, I have summarized the contents by listing sections that have similar purposes or effects.

Sections that delete, repeal, or update obsolete provisions: Sections 4, 8, 9, and 15 delete, update, or repeal provisions that have become obsolete either through other legislative action or the passage of time.

Sections that correct errors or oversights: Sections 1 - 3, 5 - 7, 10, 11, 13, and 14 correct errors or oversights that can not be corrected editorially.

Sections that improve the form or substance of the law: Section 12 proposes amendments to improve the form or substance of the statute law of Alaska.

SECTIONAL ANALYSIS

Section 1. When AS 14.25.050(a) was amended in 1990 to change the contribution percentage for the Teachers Retirement System, AS 14.20.345(d) should have been similarly amended. The amendment proposed in sec. 1 of the bill simply ties the percentage contribution required during leaves of absence to the percentage

required under AS 14.25.050. This will eliminate the need for further amendments if the percentage changes in the future. This error was discovered by the drafting attorney.

Sec. 2. This section corrects a drafting error in ch. 74, SLA 1991, by substituting "judicial districts" for "major election districts." Obviously, there are no "major" election districts, at least not by objective measurement! The error was brought to our attention by an assistant attorney general.

Secs. 3 and 5. These sections correct internal references that should have been changed when AS 16.05.720 was repealed and AS 16.05.722 and 16.05.723 were added by ch. 46, SLA 1988. The oversight was discovered by our office.

Sec. 4. This section deletes an obsolete reference to the commissioner of fish and game's power to revoke a vessel license. That power was repealed in 1977, when license issuance was transferred to the limited entry commission. The proposed amendment updates the style and substitutes a general statement for the obsolete reference. The need for the amendment was discovered by our office.

Secs. 6 and 7. These sections correct two oversights in the legal description of the Kachemak Bay Critical Habitat Area. The Department of Fish and Game and the Department of Law requested the corrections. The changes comply with the legislative intent, expressed in the 1974 Senate Resources Committee letter of intent, that the critical habitat area include "all tide and submerged lands of Kachemak Bay east of a line from Anchor Point to Point Pogibshi." 1974 Senate Journal 1009. The amendment in sec. 6 accomplishes this by excluding Port Graham, which is south and, in part, west of Point Pogibshi and not a part of Kachemak Bay. In sec. 7, the change adds the southeastern end (the head) of Tulka Bay. I have maps and further backup in my files and can make copies available upon request.

Secs. 8 and 9. These bill sections update a reference to federal law. The need for this change was discovered during our routine editorial work.

Secs. 10 and 11. Both bill sections correct references to publications that contain safety standards. The publications were incorrectly described in ch. 37, SLA 1992. The Department of Labor and the Department of Law requested the corrections.

Sec. 12. This section proposes a clarification in the new legislative ethics law, at the request of Representative Finkelstein's office. Because public members of the ethics committee are included within the definition of the term "legislative employees," they would be required to report close economic associations with their supervisors. However, it is clear that the legislature was interested only in relationships between true legislative employees and their supervisors, not the relationships between private sector individuals and their supervisors.

Secs. 13 and 16. Under the terms of ch. 60, SLA 1989, which established the state employees incentive award program, the program (set out in AS 39.51) is repealed July 1, 1993. The amendment to AS 39.35.680(8) proposed in sec. 13 deletes a

reference to the program that will be obsolete if AS 39.51 is in fact repealed. Under sec. 16, sec. 13 will take effect only if the repeal takes place. In other words, if this legislature extends the program, sec. 13 will not take effect. We have been aware of the possible need for this technical amendment since 1989, when ch. 60 was signed into law.

Sec. 14. This section proposes a correction in the legal description for the Alexander Creek State Recreation River. The error was discovered by the Department of Natural Resources during plat plotting in connection with the management of the area. Full documentation and a map are in my files and I will make copies available upon request.

Sec. 15. Repeals provisions that are obsolete. Those provisions and the reasons for their obsolescence are:

AS 08.03.010(c)(12) - the Board of Electrical Examiners sunsetted in 1991;

AS 08.64.380(5) - this definition should have been repealed in ch. 130, SLA 1992, but was overlooked;

AS 10.06.960(d) - addresses a provision that was not incorporated in the final version of the revised corporation code;

AS 18.07.111(10) - defines a term that is not used in the applicable body of law;

AS 39.25.120(c)(20); AS 44.41.100 - 44.41.130; AS 44.66.010(a)(13) - the statutes were rendered obsolete when the fire commission sunsetted in 1990;

The text of all provisions proposed for repeal is set out in the appendix.

Sec. 17. Gives the bill, except for sec. 13, an immediate effective date.
