Disclosure of the Existence of a Close Economic Association

The Legislative Ethics Law requires legislators and legislative employees to disclose their close economic associations with supervisors, legislators, public officials (other than appointed municipal officials) who must file Conflict of Interest Statements with the APOC, registered lobbyists and, if the discloser is a legislator, with legislative employees. Disclosure of a close economic association that exists on January 1 of the current year must be received by the Ethics Committee by February 15. If a legislator or legislative employee forms a close economic association after January 1, the association must be reported within thirty days, or by February 15, whichever is later. A disclosure must be sufficiently detailed that a reader can ascertain the nature of the association.

"Close economic association" means a financial relationship that exists between a person covered by this chapter and some other person or entity, including but not limited to relationships where the person covered by this chapter serves as a consultant or advisor to, is a member or representative of, or has a financial interest in, any association, partnership, business, or corporation.

Dear Chairman Donahue:

In accordance with AS 24.60.080 I would like to disclose a gift of travel and hospitality from Koncor Forest Products Company. On September 29, 1993 I flew to a Koncor logging operation on Montague Island. The cost of the flight was \$300. Lunch was provided during the tour of the operation, at a cost of \$5.

The purpose of the tour was to discuss environmental and technical challenges to small logging operations in Alaska.

Sincerely,

Mark Hanley

SUBJECT: Disclosure
DATE: October 21, 1993

On October 18-19, 1993, I drove the Dalton Highway and toured several TAPS Pump Stations as a guest of Alyeska Pipeline Company.

The purpose of this tour was to get a first hand view of the pipeline facilities and review the current federal allegations of improper operations; as well as get a feel for the winter conditions of the state maintained highway.

Also, on October 14, 1993, I traveled to Prudhoe Bay as a guest of ARCO Alaska. The purpose of the trip was to acquaint the House Oil and Gas Committee members with facilities (Prudhoe Bay - early design and Kuparuk - more recent design). We also toured the Kuparuk Industrial Center (KIC) to compare current support facilities with earlier vintage (Deadhorse) sprawl.

Total cost of each activity exceeded \$100.00.
