

**SENATE CONCURRENT RESOLUTION NO. 11**  
**IN THE LEGISLATURE OF THE STATE OF ALASKA**  
**TWENTIETH LEGISLATURE - FIRST SESSION**

**BY SENATORS SHARP, Duncan**

**Introduced: 4/11/97**

**Referred: HESS, Finance**

**A RESOLUTION**

**1 Creating the Long-Term Care Task Force.**

**2 BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF ALASKA:**

**3       WHEREAS** the establishment of a system to meet the long-term care needs of aging  
**4 Alaskans** is an important issue not only for elderly persons but also for young and middle-  
**5 aged Alaskans** as they attempt to meet the needs of their parents at the same time that they  
**6 are facing** their own and their children's needs; and

**7       WHEREAS** the cost of long-term care, whether in a home setting or in an institution,  
**8 often exceeds** an individual's ability to pay for the care either immediately or after a short  
**9 period of time,** causing extreme economic and social stress and hardship for many people who  
**10 have worked hard** for many years and still do not have sufficient assets or income to bear the  
**11 costs of their care;** and

**12       WHEREAS** residents in a Pioneers' Home have been asked to pay the full cost of  
**13 their long-term care** within seven years, resulting in as much as a 30 percent increase this year  
**14 in some rates for care** in the system; and

**15       WHEREAS** 80 percent of the cost of care for persons now receiving long-term care  
**16 in privately operated long-term care facilities** is paid through state and federal funds under the  
**17 Medicaid program;** and

1           **WHEREAS** current federal and state long-term care policies of the state have resulted  
2 in large subsidies from the state’s general fund that will increase in the future, competing with  
3 funding for other state programs; and

4           **WHEREAS** the legislature established a working group in 1996 to analyze issues  
5 regarding long-term care services in the state, including projected costs to the state of various  
6 alternative methods of providing long-term care;

7           **BE IT RESOLVED** that the Alaska State Legislature establishes the Long-Term Care  
8 Task Force to develop an equitable plan for providing long-term care for all Alaskans; and  
9 be it

10           **FURTHER RESOLVED** that the task force shall consist of the following 12 voting  
11 members:

12                   (1) three members of the House of Representatives appointed by the Speaker  
13 of the House of Representatives; at least one member shall be a member of the majority and  
14 at least one a member of the minority;

15                   (2) three members of the Senate appointed by the President of the Senate; at  
16 least one member shall be a member of the majority and at least one a member of the  
17 minority;

18                   (3) three members chosen by the Governor from among people who are  
19 receiving long-term care, have relatives who are receiving long-term care, or are from an  
20 organization that represents the interests of people in need of long-term care;

21                   (4) the commissioner of health and social services or the commissioner’s  
22 designee;

23                   (5) the commissioner of commerce and economic development or the  
24 commissioner’s designee;

25                   (6) the commissioner of administration or the commissioner’s designee; and  
26 be it

27           **FURTHER RESOLVED** that the public members of the task force shall serve without  
28 compensation but are entitled to per diem and travel expenses authorized for boards and  
29 commissions under AS 39.20.180; and be it

30           **FURTHER RESOLVED** that the task force shall select a chair and vice-chair from  
31 among its members, shall meet as frequently as the task force determines necessary to perform

1 its work, may meet during the interim, and may meet and vote by teleconference; and be it

2 **FURTHER RESOLVED** that the task force shall

3 (1) review the work done and the recommendations made by the long-term  
4 care working group established under sec. 3, ch. 84, SLA 1996, if available;

5 (2) prepare a plan, including drafts of legislation that might be necessary to  
6 implement the plan, for establishment of an actuarially sound system of long-term care and  
7 propose funding options, including options that would allow prepayments by persons desiring  
8 coverage for long-term care and require reasonable copayments by the recipients of the care;

9 (3) hold public hearings on the plan, legislation, and funding proposals  
10 developed under (2) of this clause;

11 (4) redraft the plan, legislation, and funding proposals based on the comments  
12 received at the public hearings and other information that becomes available to the task force;  
13 the final plan, with proposed legislation and funding options, shall be available for public  
14 review at least 30 days before the convening of the Second Regular Session of the Twentieth  
15 Alaska State Legislature; and

16 (5) submit the plan, proposed legislation, and funding options to the Governor  
17 and the legislature by the convening of the Second Regular Session of the Twentieth Alaska  
18 State Legislature; and be it

19 **FURTHER RESOLVED** that the task force may begin work immediately upon the  
20 appointment of its full membership and is terminated upon the convening of the Second  
21 Regular Session of the Twentieth Alaska State Legislature.
