**ANALYSIS:** (Attach a separate page if necessary)  
 CSHB 3 (JUD) provides that it is a class A felony to manufacture methamphetamine, or to possess precursors or certain chemicals with the intent to manufacture methamphetamine. Manufacture of methamphetamine is extremely dangerous, not only to those working in the laboratories, but to those in the surrounding areas.  
  
 Passage of this bill is not anticipated to have a fiscal impact on the Department of Law. The department already has the ability to prosecute most instances of manufacture of a controlled substance under existing law.
