ANALYSIS: (Attach a separate page if necessary)

Under federal law, 12 Alaska Native regional non-profits and the village of Metlakatla are authorized to receive federal funds for the administration of tribal family assistance programs. This legislation provides appropriations, in addition to the federal funds, for the operation of tribal family assistance programs. Tribal family assistance programs will provide temporary assistance and supportive services to recipients living in regions served by the regional non-profits and the village of Metlakatla. The legislation also provides for the approval of regional public assistance programs, serving both Native and non-Native families, designed to achieve administrative efficiency and cost effectiveness.

Passage of this legislation will have profound impacts both on the delivery of temporary assistance and supportive services to needy Alaskan Natives and others served by regional assistance programs and on general DPA operations. (Continued)

Analysis Continued

Effects will be felt in various areas of DPA program administration and operation. Fiscal impacts, however, are contingent upon which organizations actually pursue implementation of Native assistance programs and the approval of regional public assistance programs.

A new component has been added to the DPA budget that will accommodate the inclusion of Native family assistance programs and regional assistance programs in the agency's planning process. In the future, agency budget requests will reflect the financial impact resulting from the development and implementation of these programs.
