ANALYSIS: (Attach a separate page if necessary)

Sec. 21.07.020, page 7, lines 8-11 require that a managed care entity provide actuarial support to the director upon request for the increased cost of using a non-network provider. It is estimated that fewer than 15 insurers have provider network provisions in their health insurance contracts. Therefore, it is anticipated that no additional resources will be needed to request and review the increased costs of non-network provider use.

Sec. 21.07.060, page 13, line 17, requires that the director approve "qualified private standard-setting organizations". It is estimated that there are currently fewer than 5 of these organizations. Therefore, it is anticipated that no additional resources will be needed for the director to certify these "qualified private standard-setting organizations". Also, it is anticipated that no additional resource will be needed to develop regulations, should they be needed, to define related party as provided on page 14, lines 20-22 of this section.
