Full-time						
Part-time						
Temporary						

ANALYSIS: (Attach a separate page if necessary)

This bill would require notice of proposed regulatory actions by state agencies to be provided to legislators by electronic format.

The bill would not have a significant fiscal impact on any state agency, but would improve the efficiency of the notice process by reducing the agency staff time now required for producing, handling and delivering paper copies of regulatory notices. In addition, legislators would receive the notices more quickly.
