ANALYSIS: (Attach a separate page if necessary)
 ASMI receives 2 major types of program receipts. The seafood marketing assessment (AS 16.51.120) is a voluntary assessment levied on seafood processors, based on the value of seafood products produced in Alaska. The salmon marketing tax (AS 43.76.110) is a tax based on production that is deposited in the General Fund by the Department of Revenue, which the legislature can appropriate to ASMI for the purpose of supporting the institute's domestic salmon marketing program. ASMI also collects a small amount of miscellaneous program receipts from other sources, such as publication sales and third party travel reimbursement.
