ANALYSIS: (Attach a separate page if necessary)

Senate Bill 11 will reduce the amount of good time credits currently awarded to those offenders who are convicted of murder 1, attempted murder 1, murder 2, or conspiracy to commit murder 1. This legislation will reduce the amount of good time credits from the current one-third of the sentence to one-sixth.

The Dept. of Corrections has submitted a zero fiscal note because the impact will not be realized until approximately 2010. This will have a definite impact in the out years. An example would be if SB 11 had passed on 1-1-98, offenders sentenced in that year on the above crimes would serve a combined total of 33 additional years. At today's average daily cost of care, that would amount to a \$1.2 million dollar impact for those sentenced in 1998.
