ANALYSIS: (Attach a separate page if necessary)

There are approximately 196 active transportation regulations in 17 AAC. These regulations establish controls and standards, give authority, designate and define activities on surface, air, and marine transportation issues. DOT&PF's portion of the AAC is only 2% of the total volume of regulations.

The Dept. of Law will be responsible for accomplishing many of the tasks required by DOT&PF and this bill. The Dept. of Law will direct charge the DOT&PF for those services that relate to transportation issues.

These estimated costs are based on the assumption of moderate to severe impacts to the adoption of regs by the DOT&PF.
