Full-time						
Part-time						
Temporary						

**ANALYSIS:** (Attach a separate page if necessary)

SB 90 declares that the State of Alaska has exclusive authority to manage fish and game resources within its boundaries. This creates a direct conflict with federal law and federal management authority and will undoubtedly provoke judicial challenges to the legislation. Lawsuits of this nature, i.e., involving state/federal conflicts, are normally lengthy and expensive and will have a direct, but currently unpredictable, financial impact on the department.
