ANALYSIS: (Attach a separate page if necessary)

This legislation would authorize an additional \$150 million in school construction projects under AS 14.11.100. The debt on these projects will be eligible for 70% reimbursement. This legislation will allocate \$60 million in projects to municipalities with a public school enrollment of 25,000 or more students. The remaining \$90 million will be available for school construction projects to municipalities with a public school enrollment of less than 25,000 students. It is anticipated that as new debt is issued the reimbursement will occur beginning in FY2003. As the annual debt reimbursement on the existing program declines, funds will become available to help offset new debt authorization.
