This legislation would make two changes to the Medicaid program; the net effect of those changes is shown above. First, the legislation would strengthen the Department of Health and Social Services' ability to recover money from third party payors when they are liable for the medical expenses that have been paid by the department for someone receiving medical assistance under Medicaid or the Chronic and Acute Medical Assistance (CAMA) program. This would result in the Department recovering more of these expenditures.

The legislation also extends the timely filing period for providers to submit claims to Medicaid and CAMA from six months to one year. This will increase expenditures as currently some claims are not paid solely because they are not filed within the six month time period. The following page shows the separate impacts. (Note: impacts to CAMA are not included as they are not considered material.)

**ANALYSIS (cont.):**

**Medicaid Lien and Recovery**

Giving the Department lien authority and improving its subrogation rights will result in increased third-party settlement recoveries (those recoveries in which liens and subrogation are at issue) for the Medicaid program. Because regulations are necessary to implement some provisions and third party recoveries usually take place well after the Medicaid program has paid for the medical services, recoveries are not expected to increase immediately. The table below shows the projected increase in recoveries.

Year	Increased Recovery (thousands)
FY2001	\$52.7
FY2002	\$210.7
FY2003	\$210.7
FY2004	\$210.7
FY2005	\$210.7
FY2006	\$210.7

Assumption: Third party settlement recoveries will increase by one-third, beginning in the 4th quarter of FY2001.

**Timely Filing Period Extension**

Currently, some Medicaid providers fail to bill within the six month timely filing period. In some cases, these claims are not reimbursed. In other cases, where providers show good cause for late filing, they may get paid for 50 percent of the normal reimbursement for the claims.

Extending the timely filing period to 12 months and allowing full reimbursement for late claims with good cause will result in more valid claims being paid in full. The amount of late claims can vary widely from year to year, and in some years, more late claims are meet the good cause criteria for partial reimbursement. The table below represents an average estimated amount of increased claims payments as a result of the proposed change, assuming that implementing regulations become effective in the fourth quarter of FY2001.

Year	Increased Payments (thousands)
FY2001	\$50.0
FY2002	\$200.0
FY2003	\$200.0
FY2004	\$200.0
FY2005	\$200.0
FY2006	\$200.0

Assumption: New timely filing limits go into effect beginning the 4th quarter of FY2001.
