ANALYSIS: (Attach a separate page if necessary)

This bill does not appropriate any funds. It specifies that dive fishery assessments, as authorized by Chapter 90, SLA 1997, are to be accounted for separately and specifies that the appropriation of the dive fishery assessments is not from the unrestricted general fund. Dive fishery assessments are a self-imposed tax in addition to the fisheries business tax. This tax was approved by the affected divers in 1999 and collections began that year. The department estimates that \$328.0 will be collected in FY 2000 for expenditures in the following year. The expenditure of the expected revenue generated by the dive fishery assessments is included in the governor's FY 2001 budget. The funding source for dive fishery assessments in the Governor's proposed FY 2001 budget is statutory designated program receipts. This bill will change that source designation to non-general fund program receipts since this is a self-assessed tax rather than a contractual agreement.
