ANALYSIS: (Attach a separate page if necessary)

This legislation will increase the quality school grant funding under AS 14.17.480(a) from \$16 per adjusted ADM to \$52. The estimated increase of \$7,552,300 is included in the Department of Education & Early Development's FY2001 budget in the Foundation Program. School districts need to apply for quality school grant funding. Applications must demonstrate that the school district will use quality school grant funding to assist students in meeting Alaska's academic standards in reading, writing, and math.
