This bill can be implemented without cost. Secs. 1-3 apply to appeals of decisions by all divisions in DNR, including the Division of Mining, Land and Water. They allow an aggrieved person to ask for the commissioner's review, but only one time (either by appealing to the commissioner, or by requesting the commissioner's reconsideration). Previously some aggrieved parties have appealed to the commissioner, received an adverse decision from the commissioner, then immediately asked him to reconsider that decision. In the meantime, the decision was put on hold. Eliminating the duplicative review might not save appreciable staff time, as the reconsideration decision was usually very similar to the appeal decision, but will shave 30 days off the permit process in controversial cases.
